

Stallion Services Contract

1. I/we hereby agree to breed my/our mare _____,
Reg.# _____ color and markings _____,
sire _____, dam _____
to the stallion **Silver Galtee** Reg.# **2495563** for the _____
breeding season.
2. The mare owner(s) shall pay the stallion owner and/or its agent a stallion service fee of
\$ _____ upon signing of this contract.
3. The mare owner(s) shall provide the stallion owner and or its agent with a copy of the mare's
registration papers and a veterinarians health certificate (within 1 month prior) indicating that
the mare is reproductively sound, free of disease, has been dewormed, and for live coverage,
has been vaccinated against equine influenza.
4. The stallion owner reserves the right to refuse said mare if she fails to meet acceptable quality
and health standards.
5. The mare owner shall pay all veterinary, pregnancy diagnostic, and semen cartage (including
container rental) expenses.
6. a. The stallion owner and or its agent shall manage said stallion in a proper manner for
maintaining normal health and breeding performance and will ensure that semen will arrive to
carrier in a speedy and efficient manner.

b. It is the responsibility of the mare owner(s) to ensure that the mare is palpated prior to the
A.I. procedure to ensure the mare is in the proper phase of cycle to be bred. The stallion owner
will require 24 hours notice prior to semen shipment and will not assume responsibility for
damages to semen during shipping or breeding.
7. Greyhaven and/or its agent guarantee a live foal, and should the foal not stand and suck the
mare the mare, owner will be entitled to rebreed of the mare within one year. This guarantee
will apply only if Greyhaven and/or its agent are notified within one week of the foal's death. A
death certificate must accompany this notice from a licensed veterinarian.
8. The mare owner(s) is fare to ensure to ensure the said mare undergoes an ultrasound between
14-20 days after final breeding, or Greyhaven and/or its agent will not be responsible for any
rebreds. The stallion owner requires dated proof of ultrasound from a licensed veterinarian or
qualified technician.

9. If said mare comes up open after second year of rebreeding, Greyhaven will no longer be responsible for supplying semen to get said mare pregnant.
10. The breeding season at Greyhaven closes August 15th, at which time all breeding is discontinued, including rebreeds.
11. It is further agreed that should said stallion die or become unfit for service, or if said mare dies or becomes unfit to breed, this contract shall become null and void and the mare owner(s) will be refunded their deposit.
12. This contract is non- transferable unless agreed to in writing by both parties.
13. We hereby agree to the conditions outlined by this contract.
